Statement of accessibility

The electronic office of the University of Barcelona has been designed to meet the guidelines on accessibility of web content and to facilitate universal access, irrespective of users' technical, physical, sensory or intellectual limitations.

Visitors who experience accessibility problems can notify us using the mailbox provided for complaints and suggestions.

Validation

The E-Office has been constructed using XHTML 1.0 and CSS in accordance with W3C specifications, which seek to eliminate barriers to access to information and communication.

As required by current legislation governing public administrations, the intention is to satisfy, at a minimum, WCAG 1.0 standards to the level of AA.
