

Helena Colom codina, Full Professor of the Department of Pharmacy and Pharmaceutical and Physical-Chemical Technology and Secretary of the Commission that will judge the Serra Hunter position, code UB-LE 9052, states that due to an error when scanning the evaluation criteria document, once signed, was left without scanning sheet 4 and therefore the evaluation criteria of the phase I were incomplete in the final document, missing those corresponding to 20% of the overall score

That is why I ask that this problem could be solved, by sending again the final document signed on that date, scanned correctly.

Yours sincerely,

Barcelona, \_\_26\_\_ d /de /April \_\_\_\_\_ de /2021 , \_\_\_\_\_
